### 6 PANELS TIBETAN CABINET

Type of wood: Pine; This cabinet was made of pine wood and produced in the biggest province Tibet which is the highest mountain area in the world near India. As the cabinet was made by workmen in elaboration with beautiful painting design through special techniques at the panel, it fully shows the character of Chinese national culture and also shows itself expensiveness. This cabinet in the old days was usually used by Lamists in Lamsery for containing incenses, candles and other God's materials, and on its top for putting burners and other reverent foods when Lamas were burning incenses and candles for praying to Gods and Buddha's. Nowadays, it is highly respected by foreigners for the beautiful designed panels.
